

Environmental Control Units: 8000 BTU

Specifications

Cooling Capacity 8,000 BTU/hr at 95°F and 60 Hz

Heating Capacity None

Power 115Vac, 1 phase, 50/60Hz, 850 Watts

Line Connection Direct or via PCM-902 series

Return Air 80°F db and 67° wb

Dehumidifying Capacity 2.5 Pints/hr

Conditioned Air Supply ~165 CFM @ 0" external static

Maximum Operating Ambient 120° F

Minimum Operating Ambient 60° F

Weight 85 pounds

Size (HxWxD) 17 x 21 x 24

Additional Information Mode selector switch: Off, Cool (Low, Medium, High), and Fan only.
